

Established in 2013, the [Karl Landsteiner University of Health Sciences \(KL\)](#) is part of an academic and research community located at the Campus Krems, and includes a network of comprising teaching hospitals in St. Pölten, Krems, Tulln and Eggenburg. The university offers degree programmes in Human Medicine and Psychology, which are tailored to the requirements of the Bologna model, opening the door to new, cutting-edge health professions. KL is committed to raising its profile in specific areas of biomedicine, biomedical engineering, and biopsychosocial sciences by entering into strategic academic and research partnerships with other institutions.

With immediate effect, the KL offers a master student position (approx. 1 year) in the Scientific Working Group “Molecular Oncology/Hematology” and the Division “Pharmacology”:

Master student position (8 hrs per week)

Research interest:

Our group studies molecular mechanisms underlying tumor development. We have been working on different cancer types including multiple myeloma, leukemia and lymphoma. The current project is focused on the characterization of the transcription factor STAT3 in such hematopoietic tumors.

Your responsibilities:

- Participation in the collaborative research project in the Scientific Working Group Molecular Oncology/Hematology and the Division Pharmacology (Master thesis)
- Development and application of molecular biology and biochemical methods (SDS-Page, Western Blot, cloning, protein purification, cell culture, microscopy, qPCR...)
- Presentation of scientific results
-

Your profile:

- Bachelor's degree in molecular biology, biochemistry or a related discipline
- Great interest in cancer biology and immunology
- Excellent written and oral communication skills in English required
- Highly motivated
- High accuracy, reliability and very good interpersonal skills

Your perspective:

You can expect a challenging job at a young university in a highly motivated team. The Karl Landsteiner University of Health Sciences is dedicated to achieving a balanced mix of male and female academic and non-academic staff. Consequently, applications from female candidates are particularly welcome. People with disabilities who meet the required qualification criteria are explicitly invited to apply and are given special consideration. The minimum gross salary for this position is € 420 per month (paid 14 times per year).

We look forward to your convincing application, which should include a motivation letter, curriculum vitae, and credentials. Applications should be sent via e-mail referring to job.no “2036” by January 10th, 2021 to Ms. Christina Schwaiger of the Karl Landsteiner University of Health Sciences, Dr.-Karl-Dorrek-Straße 30, 3500 Krems, Austria (bewerbung@kl.ac.at).
