General Information

www.donau-uni-ac.at/en/epocan

Target Group

Completion of an Austrian or equivalent foreign university degree in human medicine

Language

English

Course Fee

EUR 3.400

Start

10.-12.November 2022

The international university course „Clinical Autonomic Neuroscience (Certified Program)“ provides knowledge in the field of clinical semiquantitative and instrumented qualitative functional diagnostics of the autonomic nervous system as well as specific therapeutic methods based on scientific knowledge of pathophysiological mechanisms. A high level of specific expertise in the clinical management of autonomic dysfunction allows for evidence-based individualized care in both the acute and chronic phases of disease.
